

We are pleased to announce that Gorana Rančić, MD, PhD, Marco Fiore, PhD, Om P. Gulati, PhD, and Peirong Lu, MD, PhD accepted an invitation to become a Member of the Editorial Board of *Biomedical Reviews*, the first international biomedical scientific journal of Bulgaria published continually since 1992.

Dr Rančić is Professor of Histology, Department of Histology and Embryology, Medical Faculty, Niš, Serbia.

Dr Fiore is Research Associate at NGF Section, Institute of Neurobiology and Molecular Medicine, National Research Council-European Brain Research Institute “Rita Levi-Montalcini”, Rome, Italy.

Dr Gulati is Research Director, Horphag Research and Management Ltd., Geneva, Switzerland.

Dr Lu is Associate Professor of Ophthalmology, Department of Ophthalmology, and Clinical Immunology Key Laboratory of Jiangsu Province, The First Affiliated Hospital of Suzhou University, Suzhou, China.

These appointments further indicate the interest of *Biomedical Reviews* in collaborating with colleagues worldwide.

The Editors of *Biomedical Reviews* are also pleased to cordially invite you to share your state-of-the-science reviews and/or Dance Round papers in your own research area(s) related to molecular and cellular biology of disease.

Publishing of *Biomedical Reviews* is truly a collaborative process. We value the long-term intellectual, brain-and-heart partnership we have with our authors and are committed to maintaining the standard of excellence of *Biomedical*

**The First Varna Nutrigenomics Meeting**  
**The First International Symposium on Adipobiology and Adipopharmacology (ISAA)**  
18-20 October 2007, Varna, Bulgaria
